What can be better than an erotic massage with a pretty young lady in case you are tired after a hard day of work and you need to relax and have fun? Like the medical **massage** therapy the **erotic massage** in **NYC** has its healing effect, yet there is a key difference between the two. For masseuses perform the **erotic massage** in NYC totally naked not only they are well-trained but their appearance matters as well. Girls so physically perfect, with silky skin and well-trimmed hair are a delight to the eye. Already a look at these beautiful creatures can arise the sexual desire. So innocent looking yet very confident and experienced, be sure they can satisfy the wildest wishes.

## Petting and caressing

What do you think first on hearing “an **erotic massage**”? A unique erotic experience or just a sophisticated foreplay technique? In fact an erotic massage is an ingenious combination of classic massage therapy and petting. While with the former it's more or less clear the latter depends on your preferences. Some can be excited about gentle biting and spanking, others are thrilled by an ice cube touch or tickling with a brush. Anyway it begins with a general relaxing massage movements of the whole body, gradually focusing on the chest, abdomen, back and buttocks. The **massage** of the feet and inner thighs is extremely exciting. Thus the whole body is caressed and massaged. Tender fingers of the naked girl are gliding gently from your temples to your toes, however the focal point will be the most sensitive part of your body. She will stroke your abdomen and genital area with her hand barely touching. She will take your penis in her hands, pet it and play with the balls, put your penis between her breasts and let it slowly glide through the neckline. She will act lazily and smoothly letting your desire grow and from time to time tease you with faster movements and more intense touches. Her secret of a good **erotic massage** is in her sensuality, her willingness to please and original approach – she will love your body, admire it and enjoy it. You can imagine that the **erotic massage** leads to orgasm even without sexual intercourse which is typically not included into this service.
